You may also pay via Venmo in advance between now and the competition to @elevationdancecomps and then show proof of purchase at the door to receive your wristband. Dancers get in free with their warm-ups and costumes on. When you arrive, there should be people at the front that can help direct you to the dressing room area.

Below is a list of times that each routine is scheduled to perform, routine number, and time that each team must meet in the dressing room. It is important to be on time! Remember competitions can run up to an hour early or late. Please give yourself time to park and find the dressing room. You need to be completely ready with your costume on and your hair and make-up already done by the meeting time. You can arrive earlier if you need more time in the dressing room to get ready.

Please remember to pack your dance bag the night before, check it again before leaving your house and then again after your last dance before leaving the dressing room.

Coaches are not responsible for dancers between routines and their next meeting time, but we do encourage & appreciate dancers coming early & staying later to cheer for their fellow crewmates on all of our teams as much as possible.
